

Agricultural Films

Industrial equipment | Agriculture

Print Date: 2024-08-30

Benefits

- Very high viscosity
- Lubricated
- Food contact quality

Details

Akulon® PA6 F136-C is a reliable solution in barrier films for agricultural use due to its optimized mechanical strength and its low permeation to methyl bromide compared to conventional materials. It allows for cost-effective solutions due to an improved bubble stability, an optimized processing efficiency. When covering the soil together with the injection of fumigation chemicals, you will need lower levels of the fumigant.
