

Bakeware

Print Date: 2024-04-16

Benefits

- The food contact grades ForTii® WX11-FC and EcoPaXX® Q-DWX10 are suitable for repeated bakecycles giving a homogeneous bake, are non-stick and stainless and are dishwasher proof. ForTii® WX11-FC allows for in flow critical tools with good weldline strength, has high stiffness retention at elevated temperatures and has low warpage. EcoPaXX® Q-DWX10 has high stiffness, good ductility, wide processing window and excellent surface finish.
