

Bezel (Black) Sun load

Automotive / Auto Electronics & Electricals

Print Date: 2024-08-30

Benefits

- Arnite® A has a high stiffness and is thermal conductive. Furthermore, the material offers load reduction by heat spreading and has a low moisture uptake. It further offers optimal mechanics with the addition of a good flow during production process.

Details

Sun load / brennglas solution for black textured bezels; low outgassing; Arnite® A offers good dimensional stability; Arnite® A allows for good service quality texture; Arnite® A is metalizable

Products

Arnite® AV2 370 XL-T
