

Hydraulic Hoses

Industrial equipment | Pumps & valves

Print Date: 2024-08-30

Benefits

- Highly breathable
- Bio-based alternative
- High-temperature resistance
- Excellent processing characteristics.

Details

Arnitel® is a high-performance ThermoPlastic Copolyester (TPC) for hydraulic hoses that offers a unique combination of flexibility, high temperature resistance and strength, with excellent processing characteristics. Arnitel® is increasingly being used as a lighter, smarter alternative to conventional rubbers that reduce environmental impact and system costs.
