

Inline Skate Frames

Consumer goods | Sports & leisure

Print Date: 2024-06-20

Benefits

- Yields faster molding than standard PA6
- Enables thinner wall designs
- Cost-effective

Details

Akulon® PA6 is a reliable solution for inline skate frames due to less weight and lower system costs through part and function integration, easier assembly and longer tool lives compared to metals. It also features good mechanical properties (stiffness and toughness).

Products

Akulon® K224-PG6
PA6-I-GF30

Speciality products

Akulon® Ultraflow
