

Medical gowns

Healthcare | Medical Devices and Accessories

Print Date: 2024-11-05

Benefits

- PFC-free
- Does not rely on perforations to make garments breathable
- Bio-based (nearly 70% is made from the tropical castor bean plant)
- 100% recyclable
- High breathability and 100% waterproof performance

Details

Arnitel® TPC is a high-performance thermoplastic copolyester and a reliable solution for medical gowns; it forms a 100% barrier against fluids, bacteria and viruses. Arnitel VT is a flexible and breathable material that, when made into membranes just a few microns thick, is 100% waterproof, highly breathable and very comfortable while helping with infection control. It also is lightweight and offers good stretch properties with its 500% elasticity.
