

Power Tool Housings

Consumer goods / Power tools

Print Date: 2024-04-10

Benefits

- Akulon® PA6 is a reliable solution for power tool housings due to its lighter weight compared to metals, possible part and function integration, easier assembly and longer tool lives. It has better welding strength and surface appearance than PA66. Akulon UltraFlow PA6 has outstanding mechanical properties over a wide temperature range and in diverse conditions.

Details

Cost-effective; Faster molding than standard PA6; Enables thinner wall designs
