

Railway Buffers

Transportation | Railway

Print Date: 2024-07-04

Benefits

- High temperature resistance
- High abrasion resistance
- Cost-effective

Details

Arnitel® TPC is a reliable solution for railway buffers due to its strength and elastic properties needed to withstand the forces required in the draft gear. It does not require additional production processes that are required with competing materials such as rubber. Arnitel ECO TPC is a bio-based alternative.

Products

Arnitel® EM550
TPC-ET
