

Respiratory Tubes

Healthcare | Medical Equipment

Print Date: 2024-07-04

Benefits

- Helps to mitigate ventilator acquired pneumonia
- Enables better patient outcomes
- Parts consolidation and cost savings – potential to eliminate the water trap
- Low E8Ls and VOCs (Extractables and Leachables and Volatile Organic Compounds)
- Very high moisture vapor transport out of the tube mitigates rainout

Details

Arnitel® offers a superior solution with ultra-high Moisture Vapor Transmission Rates that enables permeation of moisture directly out through tubing walls to eliminate water traps to save system costs and labor, impacting multiple stakeholders along the value chain.
