

Water meters

Building & construction

Print Date: 2024-04-16

Benefits

- Material solutions that meet or exceed NSF, KTW–BWGL, and other relevant industry standards
- Strong and lightweight materials formulated for easy processing
- Bio–based EcoPaXX® PA410 offers a sustainable alternative with superior performance vs. PA66 or POM

Details

Water contact material regulations for materials around the world are becoming more stringent to prevent lead and other harmful leachable substances from getting into drinking water. Envalior offers a full portfolio of compliant material solutions with superior performance and sustainability.
