

# Wiring harness clip

NO GLYPH

Print Date: 2024-06-02

### Benefits

- · Circular economy
- Strong and durable as petroleum—based clips

#### **Details**

Akulon® RePurposed is used in high—end applications in the sports and leisure segment, such as for surfboard accessories. It can also be used in a wide variety of other applications, including furniture and industrial applications. In this case for example in a cupholder of a stroller. Where more reliable mechanical parts can be produced of B—MB materials to guarantee the quality of a prime material with lower CFP.
