

# Wound dressings

## Healthcare / Medical Devices and Accessories

Print Date: 2024-03-14

### Benefits

- Best-in-class breathability with the highest MVTR on the market
- Meets or exceeds American Society for Testing and Materials (ASTM) 1670/1671 standards
- Excellent strength, flexibility and long-lasting soft touch and feel
- Flow optimized for advanced extrusion
- Absence of carcinogens, mutagens and reprotoxic (CMR) substances in compliance with new EU regulations
- Superior chemical resistance that supports a broader range of adhesives in film strip designs

### Details

Envalior's Care material portfolio responds to the growing need for medical equipment that keeps patients and healthcare workers safer, offers greater comfort and helps preserve the environment. Our Arnitel® Care TPC solution creates a highly breathable monolithic film that provides a 100% effective barrier against bacteria and viruses – without any need for microscopic pores that increase the patient's risk of infection.
